THE BIG BEN
COLLECTION
London time, reimagined

A familiar face, newly made.

Inspired by the celebrated dials of London's Elizabeth Tower, the Big Ben Collection translates an architectural icon into a statement timepiece for remarkable interiors.

Bold Roman chapters, rich colour and precisely made metalwork give the clock presence from across a room, while the closer details reward a second look.

An object with presence.

A piece of functional art designed to command its setting, by day and after dark.

DIAL 915mm diameter

BEZEL 960mm diameter

BEZEL 160mm deep

OTHER SIZES ON REQUEST

Made, not merely assembled.

The dial is fabricated in metal, with its Roman chapter design accurately cut to create the crisp geometry that makes the original tower clocks so distinctive.

Traditional workshop skill sits alongside modern manufacturing. Each component is prepared, finished, assembled and tested with the care expected of a limited production piece.

After dark, the character changes.

An acrylic backing allows for LED back illumination, bringing depth to the chapter ring and giving the dial a quieter, more atmospheric presence after dark.

915mm

DIAL DIAMETER

110–230v

MAINS POWER

CL100SS

CLOCK MECHANISM

AUTOMATIC

SEASONAL TIME CHANGE

Created for your space.

The standard clock uses concealed wall brackets, allowing the dial to remain the focus.

For individual projects, we can discuss colour, finish, scale, illumination and mounting requirements, subject to technical review.

HOMES | HOSPITALITY | WORKSPACES

A numbered work.

Every numbered Big Ben Collection clock is accompanied by a certificate of authenticity and a discreet engraved brass plaque.

Together they record the design, finish, serial or edition number, date of completion and the people responsible for the piece.

The clock is protected in a purpose made foam lined wooden crate, ready for delivery to its new setting.

MADE TO MARK TIME
AND MADE TO LAST

Time is our passion.
