THE FILIGREE
COLLECTION
Ornamental, given time

Pattern and depth, beautifully timed.

Filigree brings a richly embossed floral pattern to the clock face, combining ornamental depth with the clarity of a large architectural timepiece.

Delicate scrolls, flowers and classical influences give the dial a crafted presence that changes subtly as light moves across its surface.

Hora
TEMPUS

Detail with a long history.

Filigree decoration has appeared in art and design since antiquity. Here, that tradition is interpreted as a moulded relief, creating visual richness through shadow and texture.

DIAL 1500mm diameter

OTHER COLOURS ON REQUEST

A surface shaped by light.

The fully moulded fibreglass dial carries a subtle embossed floral design, framed by a strong dark outer ring and balanced with ornate black hands.

Every raised line catches the light differently, allowing the pattern to reveal itself gradually rather than compete with the room.

Grand scale. Dependable timekeeping.

Behind the decorative face is a dependable mains powered clock mechanism, with automatic seasonal changes and correction after a power interruption.

SEASONAL TIME CHANGE

An elegant centerpiece.

At 1500 mm diameter, Filigree is a genuine centrepiece, designed for interiors where its decorative detail can be appreciated from across the room.

Its combination of classical ornament and monochrome colouring suits residences, hospitality spaces, galleries and carefully considered commercial interiors.

HOMES | HOSPITALITY | WORKSPACES

A numbered work.

Every numbered Filigree Collection clock is accompanied by a certificate of authenticity and a discreet engraved brass plaque.

Together they record the design, finish, serial or edition number, date of completion and the people responsible for the piece.

The clock is protected in a purpose made foam lined wooden crate, ready for delivery to its new setting.

MADE TO MARK TIME
AND MADE TO LAST

Time is our passion.
